## ITALIAN MERINGUES

Nothing has been more delicate and sweet than a meringue. The most stable type of meringue is the Italian style, which is made by beating egg whites to firm peaks, then slowly whisking in hot sugar syrup to produce a dense meringue with a satiny texture that can be used as-is to top cakes and pies, or as a base for buttercream frosting.

## FLORENTINE MACARONS

From the 16th century, when Caterina de' Medici brought to France these sweets delicacies, macarons took their origins, or better their notoriety. Called macarons, from the wording Maccarone, their origin is 100% Italian, where from the 8th century they were cooked for

nobles families and served for special occasions. From Tuscany, the birthplace of De' Medici family, we're proud to re bring these colorful, delicately flavored crispy desserts, with a creamy heart, from the Italian tradition to our customers all over the world.

## SOFT BAKED BISCOTTI

It is hard to imagine a more fitting finale to a Tuscan meal than Cantucci (commonly called “Biscotti”). Traditionally, they are crunchy and crispy and contain almonds. Our original version is of a Soft Baked Biscotti that is very unique, and is made in the shape of traditional Tuscan Biscotti, but with a unique twist, born, like all great inventions, from a mistake: a secret ingredient.

The result sees the trademark crispness of Cantucci give way to a delicate softness that perfectly wraps itself around a sweet filling. To date, nobody has been able to recreate the mixture that makes these biscotti unique. These are the perfect gift for those looking for something unique and made with only the highest quality ingredients, or as the final course in any Holiday meal.
